# THE SOCIAL IMPACT PROPOSAL

## GB Athletes multiplying your donation to good causes

### Background: How GB Athletes have raised £671K in donations

Charities have sold places on Experience Days with GB Athletes, passing on the entry fees received at auction and banking the donations. Every entry fee is multiplied in value through this process. Good causes in the main want the entry fee as well. Full details on [www.legacy300.com/goodcauses](http://www.legacy300.com/goodcauses)

### WHY THIS WORKS AND WHY THERE IS A HEAVY DEMAND FOR FREE PLACES:

Since 2012, participants on our days have bought entry fees worth **£267,370** and have added **£671,265** in donations, (plus an additional £3K+ in donations raised through the [Beat the Medallist Challenges](#)) the auction total of **£938,635K** every £1 entry fee multiplied by 251%. (01/08/2025)

### FREE ATHLETE EXPERIENCES TO REWARD YOUR CORPORATE INVOLVEMENT

- Working with the GB Athletes will give you **FREE** or **REDUCED ENTRY** to a wide range of events listed on [www.legacy300.com/corporates](http://www.legacy300.com/corporates).
- Individual / Exclusive events £1 for every £3 in experience days sold by causes.
- This can be mapped once you choose Proposal A or B.

### PROPOSAL: A) Supporting your specified chosen good cause

- When giving them the money you invite them to work with the GB Athletes an equivalent sum in [Athlete Experiences](#) in your name.
- That is your total workload
- The Charity will still utilise the donation immediately to their needs, there is no risk to them or cost.
- As since 2012, they will be passing on entry fees when sold, and banking donations to be credited in your name to your initial sums.

### PROPOSAL : B) Working directly with the GB Athletes supporting good causes.

- Place the sum into a social impact fund administered solely by you.
- Legacy 300 will then approach charity auctions in the UK with free places on experience days to auction off in your name, carrying supplied text and branding from your PR team.
- Each listed items will have a minimum reserve price 50% above the entry fee, meaning once the original donated sum exhausted it will have been enhanced **by a minimum 50%**. (Summer 2025 sum multiplied by 206% [see here](#)).
- Once sold at auction, good cause will email us both the amounts raised.
- Each month, Legacy 300 will provide a spreadsheet and draw down the sold entry fees. Above process will be repeated until donated sum exhausted.

### PUBLICITY GENERATED BY ADOPTION OF EITHER PROPOSAL

- Each auction listing will carry your prescribed donation information
- Every successful auction result promoted on social media by good causes tagging your prescribed social media account.
- Detailing the total donations made.
- Each participant will be pictured with the host Athlete at their experience day tagging charity and your prescribed social media account.
- Running totals will be produced by Legacy 300 again linked to your prescribed social media account. **Other PR suggestions are most welcome.**

### FURTHER DETAILS OF HOW THIS WOULD BE IMPLEMENTED:

- Can be discussed via 07866 316 228 and on the [pitch deck](#).

# AUTUMN 2023: THE IMPACT OF THE CROWDFUNDED CYCLING PLACES
